

Activity program

A separate daytime activity program will be organized during the congress for spouses and accompanying persons, for a small additional fee. Details will be given in the second circular. The technical visit on Wednesday afternoon is accessible free for delegates, spouses and accompanying persons.

Post-congress excursions

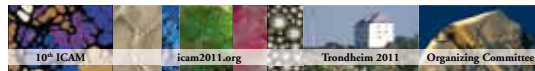

After the congress, a number of field trips will be organized to destinations around the Scandinavian peninsula. Available options will be announced in the second circular.

INTERNATIONAL COUNCIL FOR APPLIED MINERALOGY (ICAM)

Ying Gu, University of Queensland, Brisbane/AU	president
Dieter Rammlmair, BGR, Hannover/DE	secretary
Maarten A.T.M. Broekmans, NGU	vice-president

“The ICAM intends to provide an interdisciplinary forum for specialists in the fields of mineralogy, chemistry, mineral exploration, engineering, environment, ceramics, metallurgy, archaeometry and medicine. Furthermore, the ICAM is to recruit industrial participation, to highlight their current research needs, and to promote contacts to specialists in all fields of applied mineralogy”. OFFICIAL CONGRESS WEBSITE AND REGISTRATION

The official 10th ICAM congress website is accessible at:

www.icam2011.org

The website presents additional information on travel and visas, Norway and Trondheim as touristic destinations, etc, as well as on manuscript submission. Further information will be added as it becomes available. Please check back to the website regularly.

To receive automatic notifications regarding important website updates and approaching deadlines, please register at www.icam2011.org/registration.html. Registration is non-obligatory and does not register you for the congress. The 10th ICAM maintains a no-spam policy.

INVITATION

Dear Colleagues!

It is our pleasure to invite you to the 10th International Congress for Applied Mineralogy (ICAM) in Trondheim, 1-5 August 2011.

We are committed to creating an opportunity for professional development, to share and disseminate information, and to foster the continuous advancement of the field of applied mineralogy. Every aspect of the congress is intended to make your time here beneficial, professionally and personally. Meet colleagues working at the cutting edge, and extend your network with other professionals in your field.

Mark 1-5 August 2011 in your calendar and make a plan to attend! We look forward to welcoming you in Trondheim, Norway.

Sincerely,
Jan Cramer,
Chairman Organizing Committee

10th ICAM CONGRESS THEMES

- Advanced materials, including technical ceramics and glasses
- Analytical techniques, instrumentation and automation
- Bio-mimetic mineral materials, medical mineralogy
- Construction materials, cements, concrete, bricks, tiles, screeds
- Cultural heritage, stone artifacts and preservation
- Environment and energy mineralogy, CO₂ sequestration
- Geometallurgy and process mineralogy
- Industrial minerals, gems, ores, and mineral exploration
- Oil and gas reservoirs, including gas hydrates/clathrates

CALL FOR PAPERS

Delegates are invited to submit a preliminary abstract in English for review, compliant with any of the 10th ICAM themes. Only online submissions via www.icam2011.org shall be considered.

Guided poster sessions

The 2011 event will see a revival of the highly successful 'guided poster sessions' from the 8th ICAM congress in Brazil 2004. All authors shall be required to submit a poster, an effective means of communicating to other delegates.

Publications

All official 10th ICAM publications shall be available on digital media. Printed hardcopies of the proceedings shall be available for pre-order through the congress website.

Submission and peer-review

After acceptance of the preliminary abstract, authors will be invited to submit an extended abstract and a full manuscript (and a poster). Extended abstracts and full manuscripts will be subject to a journal-style peer-review process using an online editorial system. Deadlines are given in the table below.

CALL FOR WORKSHOPS

Delegates are invited to submit workshop proposals. Contact congress secretary Mrs. Anne Liinamaa-Dehls at secretary.icam2011@NGU.no for submission details. Proposals will be screened by the Scientific Committee, and approved topics will be announced in the second circular. The workshops will be organized on Saturday and/or Sunday 30-31 July 2011 preceding the congress.

MSA short course "Applied mineralogy of cement and concrete"

This MSA short course will be convened by Dr. Maarten A.T.M. Broekmans (Geological Survey of Norway) and Prof.Dr.Dr. Herbert Pöllmann (Martin Luther Universität, Halle, Germany). Proceedings of this short course will appear as a volume in the Reviews in Mineralogy and Geochemistry series. For further details see www.minsocam.org/MSA/SC/#Cement
